Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Livvy

Last name

Pride

Email address

Suburb

Harewood, Christchurch

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I believe free busses for young people in this age group will get them into a good habit of using public transport plus make accessing education/workplaces in a car free way accessible

Any other comments on bus fares?

Eventually I believe we should have free transport within the CBD like they do in Melbourne, if we truly want the city to be car free.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Anything that promotes true widespread change, not just buying carbon offsets or dumping our problem somewhere else. Anything that promotes circular economy (such as a 'library' for tools,

household items etc) and responsible use/reuse of resources. Accessible public transport and 'walkable' cities.

Any other comments on future funding for responding to climate change?

Carbon offsets should not be part of the plan as they are simply dumping the problem elsewhere. Community programmes that promote the public transport/circular economy philosophies should be a priority to help people change their habits and enjoy themselves doing it!

Where did you hear about the consultation?
