Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

I regularly use the bus to travel to work and around the city. I am on a relatively low income but do not have a community services card so option 1 does not benefit me at all. A flat fare for all would be fair and just for all.

Any other comments on bus fares?

While bus fares are an issue, I think the perception of using buses is the greater obstacle to overcome. Most middle class residents will not use the buses "because they don't have to" as all have cars.
