**Which bus fare structure option would you like to see trialled?**

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

---

**Tell us more about why you support the selected bus fare option.**

This allows much more flexibility and feels like a much more fair option to everyone. Ecan want more people to use the bus? choosing option 2 would be the best option meaning that its cheaper for students to get to school, and people working above the age of 25 will have incentive to take the bus rather than drive as the cost your looking at to bus is just way to much at the moment and with option 1 where as soon as people turn 25 they will be like screw this i'm going to drive now
