Suburb		
Aranui, Christchurch		
Phone number		
	n behalf of an organisation?	
No, I'm submitting as a		
Which age category are you in?		

25-39 years old

No Which bus fare structure option would you like to see trialled? Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders Tell us more about why you support the selected bus fare option. As a single mother who has epilepsy I can not drive. The current bus fares are expensive and I'd like to be comfortable knowing that if we had to move somewhere that is a little too far to walk to school the bus could be an option. I think it's a great opportunity for young people and for those with mobility cards for their health and safety and for those with community services cards being on a low income. Any other comments on bus fares? As the above. Is borrowing and repaying through general rates the right approach for this regionally significant event? Don't know Which option for distribution of rates in Ashburton River rating district do you support? I don't have a preference
