**Subject:** Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

**First name**

Kirstin

---

**Last name**

King

---

**Email address**

---

**Suburb**

Bryndwr, Christchurch

---

**Are you submitting on behalf of an organisation?**

No, I'm submitting as an individual

---

**Which age category are you in?**

15– 24 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

---

**Tell us more about why you support the selected bus fare option.**

to make less hassle for parents about getting their child to school and for students at uni with low income so it will be less stressful for them. people won't have to worry about not having enough money to get to work or places they need to go and less worry about not meeting ends meet

---

**Any other comments on bus fares?**

please try to consider the families with low income and make it easier for them. I hope that this option that I have chosen will be put up and trailed because I think it would really help the families and students that already have so much stress trying to pay for other stuff that is really expensive.

---

**Is borrowing and repaying through general rates the right approach for this regionally significant event?**

Yes

---

**Which option for distribution of rates in Ashburton River rating district do you support?**

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

---

**Would you support a levy to accelerate action in response to climate change?**

Yes

---

**What current or future projects or activities would you like to see funded by such a levy?**

I would like a levy to be used to fund the animal and plant protection projects to reduce to future problems of endangerment or extinction of animals and plants. I think this is what needs to be done because animals were here before us and we have ruined their land and home. Also planting more trees and plants that would help our ecosystems and life on our planet.

---

**Any other comments on future funding for responding to climate change?**

I would love to see less over fishing and less dairy n waste

---

**Where did you hear about the consultation?**

Word of mouth

Social media (Facebook, Instagram)

Print ad or billboard
