Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

it needs to be fare, under 25s don't make up the amount of ratepayers, so for it to be fare to all ratepayers and make it usable a flat rate makes sense, I would actually start using the bus again

Any other comments on bus fares?

maybe 1.20 for little kids under 10 it's too much

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

Would you support a levy to accelerate action in response to climate change?

Don't know

Any other comments on Environment Canterbury's draft Annual Plan or other matters?

it would be great to get all our roads fixed from the earthquake
