25-39 years old

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

**Tell us more about why you support the selected bus fare option.**

Simpler and doesn't punish people who are older than 25 who want to catch the bus by paying more for an arbitrary age (25) chosen because it sounds nice.

A solid mobile app for top ups and a digital card would be very nice to have.

Yes

---

**Which option for distribution of rates in Ashburton River rating district do you support?**

I don't have a preference

---

**Would you support a levy to accelerate action in response to climate change?**

Yes

---

**What current or future projects or activities would you like to see funded by such a levy?**

Incentives to seek alternate methods than driving alone in your car to school or work. Incentives to adopt electric cars or bikes. A shift to 100% renewable energy. Large fees on the use of plastic and non-biodegradable packaging. A focus on reducing waste for businesses. Impactful laws and fees on big businesses who cause the majority of ecological and environment damage.
