Any other comments on bus fares?

I think bus fares should be totally free & cards should not be required. This could greatly increase bus usage, saving consumer fuel usage & money overall & the planet. I'm skeptical anything else will significantly increase bus usage.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

How else might we pay for our share of this work?

charge higher rates eh

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.
