No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

I am a single parent, who does not qualify for a community services card. I have always wanted to bus into work - as I live in Rolleston and work in the central city. The cost of two zone two fares a day has been prohibitive when compared to petrol for my car. I also have a child who buses for town for school. Though option one would make it free for him, option two would make bussing more of an option for me and save a significant amount of money compared to other options.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know
