No

Which bus fare structure option would you like to see trialled?

I don't have a preference

Tell us more about why you support the selected bus fare option.

I support it being free for all.

Any other comments on bus fares?

I feel that it would have higher patronage if it was fully subsidised. Public transport is an expensive money sink, but it could be beneficial to getting cars off the road if we can encourage more people to use it. Removing the barrier of cost would encourage greater patronage which, in turn, will hopefully lead to more bus routes, making taking the bus more convenient.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

It should be funded through taxes

Which option for distribution of rates in Ashburton River rating district do you support?
