**Are you submitting on behalf of an organisation?**

No, I'm submitting as an individual

---

**Which age category are you in?**

40-64 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

---

**Tell us more about why you support the selected bus fare option.**

To increase people taking the bus, you need to discount the fare for all passengers. Cost is a factor for Uni students, but convenience rates highly for them too. You won't suddenly have them all on the bus because it's free. If you want to genuinely cut emissions and have more people on the bus, you'll need to make it more attractive to everyone.

**Is borrowing and repaying through general rates the right approach for this regionally significant event?**

Shouldn't Wellington be paying?

I don't have a preference
