**Are you submitting on behalf of an organisation?**

No, I'm submitting as an individual

---

**Which age category are you in?**

25-39 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

---

**Tell us more about why you support the selected bus fare option.**

Most people who are not in this group can afford to have a car or cycle or walk or even (gasp) use the bus for a higher fare.

---

**Is borrowing and repaying through general rates the right approach for this regionally significant event?**

Yes

---

**How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?**

Shouldn't there be a fund for this under general tax allocation?

---

**Which option for distribution of rates in Ashburton River rating district do you support?**

I don't have a preference

---

**Would you support a levy to accelerate action in response to climate change?**

Don't know

---

**Any other comments on future funding for responding to climate change?**

I personally think there is nothing more we, NZ, can do. So we should just do the minimum required for our reputation on the world stage.
