Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Tom

Last name

Summerfield

Email address

Suburb

Templeton, Christchurch

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

Busses no matter what are a public community service and should be as cheap as possible to be a service that can be used by everyone.

Any other comments on bus fares?

I like the second option as well but to include the outer zones as well in the same price point.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

How else might we pay for our share of this work?

No Answer

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

No Answer

Which option for distribution of rates in Ashburton River rating district do you support?

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

Any other comments on flood protection in Ashburton?

Allow the river more space to do what it needs to. Bring stop banks back further away from Rivers. Most south island rivers are braided rivers and go where they want to more space allows this to happen more naturally. You can't tame nature.

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

More options for public transport trains, better and more bike/paths in rural areas to access townships and interconnectivity. (rolleston has no safe connection to templeton) Bonuses for farmers to have native wildlife/plants reserves grown on there farms.

Any other comments on future funding for responding to climate change?

Nope

Any other comments on Environment Canterbury's draft Annual Plan or other matters?

Nope :)

Where did you hear about the consultation?
