Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Valerie

Last name

Email address

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Tell us more about why you support the selected bus fare option.

I do not support any of these proposed bus fare options as the bus system in Christchurch is too dismal to be used by most.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

No

How else might we pay for our share of this work?

Pay people in the council less. We are not here to pay you all \$100k-\$550k/year and then having ridiculous increases in rates.

Which option for distribution of rates in Ashburton River rating district do you support?

Option 2 (status quo): Keep the current distribution of rates in the Ashburton River rating district.

Would you support a levy to accelerate action in response to climate change?

No

Any other comments on future funding for responding to climate change?

Again. Pay staff in the council less. We're not here to pay \$100k-550k/year and then having to pay ridiculous hikes to rates to line your pockets.

Any other comments on Environment Canterbury's draft Annual Plan or other matters?

Dismal and completely out of touch.

Where did you hear about the consultation?
