Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

You encourage using public transport but currently its cheaper for me to drive into city centre every day AND pay for public parking everyday than take public transport. If public transport was a cheaper option I would use it instead

Any other comments on bus fares?

Shouldn't have to pay extra to cross the Waimak

Is borrowing and repaying through general rates the right approach for this regionally significant event?

No

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

More nature reserved and trees planted. Eatable community gardens. More action and less talking about action. Down-lights to preserve the night sky in every town

Any other comments on future funding for responding to climate change?

Stop talking about is and just do something

Where did you hear about the consultation?
