Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

As living costs rise across the board food & petrol etc. what little money students, mobility and community services card holders have needs to stretch further- this just makes sense as a reprieve to these increased pressures, having a car to get around shouldn't be a necessity. The second big reason is as the city grows we need to make the shift from driving everywhere to traveling by public transport- free for under 25s will help create a culture shift around public transport for the future. the more we have riding public transport the better.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

a mix of local and national money

Which option for distribution of rates in Ashburton River rating district do you support?

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Reduction on use of emission and waste creating products.
