**Subject:** Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

**First name**

Stuart

---

**Last name**

Rich

---

**Email address**

---

**Suburb**

Hornby, Christchurch

---

**Phone number**

---

**Are you submitting on behalf of an organisation?**

No, I'm submitting as an individual

---

**Which age category are you in?**

40-64 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

---

**Tell us more about why you support the selected bus fare option.**

a flat fare across the board, except, students, schools, and elderly. Half price. Not concerned if the fare is 3 or 4 \$, it doesn't need to be \$2. Happy to pay more, however i suggest a 4 hour live turn around on that fare enabling persons to travel in zones 1 & 2 and still have time to return after.

---

**Any other comments on bus fares?**

As above. \$4 flat fare, & four hour live turn around.

---

**Is borrowing and repaying through general rates the right approach for this regionally significant event?**

Don't know

---

**How else might we pay for our share of this work?**

Toll roads and bridges

---

**How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?**

Toll roads and bridges. Users pay.

---

**Which option for distribution of rates in Ashburton River rating district do you support?**

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

---

**Any other comments on flood protection in Ashburton?**

Allocate the rates from "Any" flood affected area back into that area directly for 3 years. Every area will have its turn eventually. That's just nature and the law of averages.

---

**Would you support a levy to accelerate action in response to climate change?**

No

---

**Any other comments on future funding for responding to climate change?**

look at all industry, Not just farming. ie, The building industry is a dirty industry, they contribute a huge amount of unnecessary land fill waste , contribute to the bad methanes. it's not just cow poos.

---

**Any other comments on Environment Canterbury's draft Annual Plan or other matters?**

More Community gardens,

---

**Where did you hear about the consultation?**

Postcard
