No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I believe that public transport is very important as a lot of young people/students rely on it to get around. If it was Fare-free then it would become a lot more accessible and available to students who need to use it often.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Yes
