Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Eli

Last name

Flower

Email address

Suburb

New Brighton, Christchurch

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I am a tertiary student and an extra ~\$25 a week would really help my budget in regards to food

Any other comments on bus fares?

N/A

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Money put into subsidising/producing seaweed cattle feed for use in NZ.

Any other comments on future funding for responding to climate change?

Seaweed cattle feed can reduce methane produced by cows by up to 82% and methane makes up 42% of our yearly emissions, only 3% less than our yearly CO2 emissions. Reducing methane by this amount would be amazing for our carbon footprint. It could also become an export product, one likely to increase in demand in the coming years as countries look to find ways to decrease their carbon footprint.
