Tell us more about why you support the selected bus fare option.

This is a fantastic idea to get a greater proportion of people using the bus service. Having spent a number of years away from Christchurch, I have been disappointed on my return to live and study that there seems to be poor use of buses in Christchurch still. This is a good way to make it more attractive.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know
