**Are you submitting on behalf of an organisation?**

No, I'm submitting as an individual

---

**Which age category are you in?**

15– 24 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

---

**Tell us more about why you support the selected bus fare option.**

To cut down use of cars

**Any other comments on bus fares?**

As long as bus drivers are still getting fairly paid I would like to see a decrease, taking this from rates seems fair to me more with option one then others as option on is more available to all rates payers

---

**Is borrowing and repaying through general rates the right approach for this regionally significant event?**

Yes

---

**Would you support a levy to accelerate action in response to climate change?**

Yes

---

**What current or future projects or activities would you like to see funded by such a levy?**

Anything possible that will help the cause

---

**Any other comments on future funding for responding to climate change?**

If anyone complains don't listen unless it's actually valid and not just about using their money

---

**Any other comments on Environment Canterbury's draft Annual Plan or other matters?**

Continue letting more area grow into wetlands, let the land reclaim what we've taken
