No

---

**Which bus fare structure option would you like to see trialled?**

I don't have a preference

---

**Tell us more about why you support the selected bus fare option.**

I want fully-subsidised bus fares. Anything less than that is not doing enough to support the people that would benefit most from this and is encouraging the continued use of cars and other environmentally-unfriendly modes of transport. Make fares free for ALL users. I make this submission as someone who currently does not regularly use the bus.
