65+ years old

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

As a pensioner and being entitled to free fares, it only seems just that other needy people in the community have access to free fares as well.

Any other comments on bus fares?

The cost of the fare free option will be more than compensated by the huge societal cost of individualised transport.
