Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

I believe the key to reviving the bus system after years of neglect is to make it something that everybody wants to use. The flat fare makes it easier for lower income earners, but also much more attractive for everyone. By increasing the popularity of the bus service, we can create a movement towards more busses and other public transport options. This has multiple benefits for the city
