Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

why do people under 25 need free fares? what if someone 50 has the same income, why is the younger person more deserving? and why are uni students needing cheap busfare over others? they don't, nor do the under 25s. cheaper for all would encourage more buses and less car traffic.

Don't know
