Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Renata

Last name

Jelli

Email address

Suburb

Cashmere, Christchurch

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 3: Tertiary student concession

Tell us more about why you support the selected bus fare option.

Rates increase won't help as income ratios don't follow. Actually, all taxes should be lowered, income stays the same, no additional work needed.

Any other comments on bus fares?

As per above

Is borrowing and repaying through general rates the right approach for this regionally significant event?

No

How else might we pay for our share of this work?

Not sure

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

The whole change of the environment should be considered. Soil becoming dirt with no ability to retain water. Nature is diminishing, trees are cut down to give way to "civilization". Rethink the whole development process.

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Any other comments on flood protection in Ashburton?

As per above

Would you support a levy to accelerate action in response to climate change?

Don't know

Any other comments on future funding for responding to climate change?

Reconsider how to restore soil, forests, clean up rivers. Use natural methods, invest into mycoremediation-use of fungus/mushrooms. Enough of relying on chemicals.

Any other comments on Environment Canterbury's draft Annual Plan or other matters?

As above

Where did you hear about the consultation?

Word of mouth
