Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

NO wondering which zone you are going to and from. I feel a \$2 flat fare will encourage more people to bus (and leave their car at home).

Any other comments on bus fares?

I would love to see free buses. I like to think that people would see it as a 'no brainer to bus rather than use the car'. Less busy on the roads, less car accidents. Roads more pleasant for cyclists. Bring in free electric buses. Better for the environment. Make it attractive and the norm for people to want to bus.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes
