40-64 years old

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

Prefer option 2 as I support encouraging all people, regardless of age and circumstance, to use public transport more. Any change should be inclusive and not only target certain demographic groups. This option has the greatest potential to increase users numbers, particularly as petrol prices rise. Option 1 will only encourage those listed to use the buses and not everyone else. Option 3 will only encourage tertiary students and no one else.
