Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 3: Tertiary student concession

Tell us more about why you support the selected bus fare option.

I do not want to see rates increase more than they absolutely have to, especially during this recovery period. The bus does not have to be free, so long as it is cheaper and more convenient than driving. The money that would be used to fund cheaper or free fares should be directed to making the network more effective.

Any other comments on bus fares?

I would like to see the same concession that would apply to students under option 3 be applied to the groups identified in option 1.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference
