Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

The cost to get students to and from school can be very high depending on the number of children in the family. Its important for young folk to be independent also and this would help. Also - free fares would mean less parents doing drop offs so less traffic which is another benefit.

Any other comments on bus fares?

Well set out proposal and while all three options have good points option one is the best :-)

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes
