**Are you submitting on behalf of an organisation?**

No, I'm submitting as an individual

---

**Which age category are you in?**

40-64 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

---

**Tell us more about why you support the selected bus fare option.**

If you want more people to use and bus instead of using a car then you need to target the people who would normally drive, therefore this is the most logical option to achieve this goal. This option makes it cheaper to take a bus than drive from more than one zone and targets the people who can afford to drive.

---

**Any other comments on bus fares?**

The bus fared could still be a flat fare of \$2,65 with a metro card, and children and terserey students could still be the children's rates.
