Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

---

**Tell us more about why you support the selected bus fare option.**

By having a flat 2\$ bus fare it greatly helps to save for other necessities I pay for. It would also greatly help me to be able to spend a bit more for healthier food options like fresh veggies than having to budget myself really tightly

---

**Any other comments on bus fares?**

It would greatly help if there's like a "free trip" for every number of trips you make. Like you get One free trip for Having to do 5 trips in a row

---

**Is borrowing and repaying through general rates the right approach for this regionally significant event?**

Don't know

---

**Would you support a levy to accelerate action in response to climate change?**

Yes

---

**What current or future projects or activities would you like to see funded by such a levy?**

Mass Tree Planting and Monthly Ocean Clean Up drives, also having less carbon footprint
