No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

Because I feel like if it were free then the buses would be a bit of chaos as they are on the free bus fare days that were had around 2019/2020 and especially with how much fuel is these days I feel like it would just be terrible for commuters having to use a crowded bus because it is free, so I feel that the \$1.20 for students etc and flat \$2 fare for adults is a much better option

Any other comments on bus fares?

Anything is better than what the adult bus fare is now aha

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

How else might we pay for our share of this work?

No clue

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Jacinda can pay for it
