**Are you submitting on behalf of an organisation?**

No, I'm submitting as an individual

---

**Which age category are you in?**

25-39 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

---

**Tell us more about why you support the selected bus fare option.**

I don't drive and often rely on bus service for commuting. With the increase in inflation and interest rates, it is costing more and more for everything. Option 2 will help me save some money.

---

**Is borrowing and repaying through general rates the right approach for this regionally significant event?**

Yes

---

**How else might we pay for our share of this work?**

In addition to what is being currently done- you can also ask for one-off-koha/payments via online, koha boxes in buses and bus stations

---

**How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?**

With the reduction in subsidy of fares/increase in fares and creating a reserve through koha etc.

---

**Which option for distribution of rates in Ashburton River rating district do you support?**

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

---

**Would you support a levy to accelerate action in response to climate change?**

Don't know
