Are you submitting on be	half of an organisation?
No, I'm submitting as an in	ndividual
Which age category are y	ou in?
40-64 years old	

No Which bus fare structure option would you like to see trialled? Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders Tell us more about why you support the selected bus fare option. The current fares are too high and bus frequency too low, so that cars are used far too often. Given the climate crisis, I am very willing to pay higher rates so that bus travel becomes an attractive alternative to car usage. Is borrowing and repaying through general rates the right approach for this regionally significant event? Yes Which option for distribution of rates in Ashburton River rating district do you support? I don't have a preference Would you support a levy to accelerate action in response to climate change?
