No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

Having free fares for under 25s allows for greater mobility to schools, especially for low budget families that may struggle with paying for an adult or child fair on a weekly basis. It also allows for younger people and community service holders to get out of the house/ school setting to socialise without having to worry about the cost of travel.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Targeting corporations to reduce carbon emissions and hold them accountable for their Actions
