Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I like this idea because as a student it's hard to get by without a job, Same for pensioners and total mobility. Free travel would help in a big way and make things a bit easier

Any other comments on bus fares?

I think that for tertiary students, A student ID card (Ara, UC etc) should be presented for the free fare, Or have a card made for students to use that automatically give free fares

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

How else might we pay for our share of this work?

Community fundraising events maybe?

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Community fundraising events could be a good idea to help fund recovery

Which option for distribution of rates in Ashburton River rating district do you support?

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

Any other comments on flood protection in Ashburton?

No, Just hope residents get the help and support they need

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Community fundraising

Any other comments on future funding for responding to climate change?

None that I can think of

Any other comments on Environment Canterbury's draft Annual Plan or other matters?

No

Where did you hear about the consultation?
