Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

This helps the people that it needs to help - so happy to see students in the list - please keep this!!

Is borrowing and repaying through general rates the right approach for this regionally significant event?

No

How else might we pay for our share of this work?

Reduce C-suite council pay (serious answer). The people at the top get paid too much, and the payrises each year are obscene. Please stop putting our rates money towards these increases, and put it towards useful stuff instead (like the flood protection work).

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Wiser spending by the council.

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Don't know

Where did you hear about the consultation?

Word of mouth
