Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

I think it is important to get as many people utilising public transport as possible, and I think Option 2 is more likely to get new people using buses than Option 1, particularly with how much fuel prices have risen. It may also mean people are more likely to consider park and ride. Thinking long-term, I believe Option 2 will enable the Council to build up the network sufficiently that we could get to achieve Option 1 (or parts of it) as well.

Any other comments on bus fares?

While my preference is for Option 2, I also strongly support Option 1.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know
