Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I believe that if young people get use to take the bus they will keep taking it when older as they will be used to it.

Any other comments on bus fares?

I would have like to see a weekly/monthly plan for people who take the bus everyday: I bus 5 days/week I pay \$26.5/week. If there was a weekly plan of let's say \$25/week (or even \$26), unlimited travel, I would definitely bus more if I had that kind of plan, like I used to when I was living in Europe.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes
