No

Which bus fare structure option would you like to see trialled?

Option 3: Tertiary student concession

Tell us more about why you support the selected bus fare option.

With living costs already increasing substantially, further rate increases are simply unaffordable for a lot of families in Canterbury.

Any other comments on bus fares?

No Answer

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

How else might we pay for our share of this work?

Through local/regional councils as well as national government agencies.

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Through local/regional councils as well as national government agencies.

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

Any other comments on future funding for responding to climate change?

I support the levy, provided it does not significantly impact families/households.
