40-64 years old

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

Because I am both a Total Mobility and Community card holder and this would allow me much more freedom of movement.

No

Is borrowing and repaying through general rates the right approach for this regionally significant event?

No

How else might we pay for our share of this work?

No idea but I can barely afford my rates as it is

Would you support a levy to accelerate action in response to climate change?

No

Any other comments on future funding for responding to climate change?

I am 60, increasing my rates would cause a major hardship for me to fix a future I will not be part of
