No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

It would enable all my children to go to school and back on the bus, and make it cost effective

How else might we pay for our share of this work?

Higher rates for car users

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

A nation wide taxation on any carbon utilizing businesses that pay for the effects of climate change, i.e. plastic in products are taxed for their disposal of consumers into landfill.

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Boosting local areas to have shared spaces to grow fruit and vegetables in a sustainable, varied crops, permaculture method. Cleaning of waterways. Promoting using no plastics in supermarkets and other non-necessary uses (i.e. wrapping up clothing). Using bricks made from recycled materials and other sustainable housing options

Any other comments on future funding for responding to climate change?

Grants for policy formation education - i.e. educational psychology
