Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

As a lot of people 20-25 earn good money and some more than people who are in the 50's and not all are students they should be paying a fare to catch the bus . If this group were not to pay fares there would not be enough money coming in to pay for the drivers and up keep of the buses. \$2.00 flat fare for adults' is a fare price to pay for public transport . I think if you made it free for under 25's they will still not take the bus and by having a flat fare of \$2.00 for adults money is still coming in and it is a fairer system for all who use public transport .

Would you support a levy to accelerate action in response to climate change?

No
