Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

this is cheaper for everyone bussing as the first option doesn't lay out what older people will pay as as you get older it may not be viable for you to be driving and need to bus more. It also is taking away from the idea of moving towards a city that buses more than drives.

Any other comments on bus fares?

another option you could do is a tap on tap off and have it so so much is taken for each fare and it caps at so much a day/week and then people can get on at any door and its top up online.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

How else might we pay for our share of this work?

na

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

na

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Any other comments on flood protection in Ashburton?

nz

Any other comments on future funding for responding to climate change?
