**Are you submitting on behalf of an organisation?**

No, I'm submitting as an individual

---

**Which age category are you in?**

25-39 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

---

**Tell us more about why you support the selected bus fare option.**

This is the closest fare structure that aligns with my preferences.

---

**Any other comments on bus fares?**

I think Gold card holders should be free but not necessarily community services card holders as they can range in ages. \$2 is not a prohibitive cost and under 25's and students should still pay something. However children aged under 12 and accompanied by an adult shouldn't have to pay.

---

**Is borrowing and repaying through general rates the right approach for this regionally significant event?**

Don't know

---

**How else might we pay for our share of this work?**

Depends on how much we are paying and what sort of work needs to be done

---

**How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?**

How bout fixing it before it becomes an issue like Phil Mauger tried to do that time and they reversed his work.

---

**Which option for distribution of rates in Ashburton River rating district do you support?**

I don't have a preference

---

**Would you support a levy to accelerate action in response to climate change?**

No

---

**Where did you hear about the consultation?**

Email
