**Suburb**

Ilam, Christchurch

---

**Phone number**

---

**Are you submitting on behalf of an organisation?**

No, I'm submitting as an individual

---

**Which age category are you in?**

40-64 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

---

**Tell us more about why you support the selected bus fare option.**

An equal and fair system to all bus commuters. Encourages a general group of users. Lower council rates

---

**How else might we pay for our share of this work?**

Rates based on flood prone areas

---

**How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?**

Mostly from the Government and putting aside for potential funds to grow for future. Further reduction in overheads within the wider councils and stop wasting money into research, private consultations or feasibility studies.

---

**Which option for distribution of rates in Ashburton River rating district do you support?**

Option 2 (status quo): Keep the current distribution of rates in the Ashburton River rating district.

---

**Would you support a levy to accelerate action in response to climate change?**

Don't know

---

**Any other comments on future funding for responding to climate change?**

With the government proposal of climate tax and similar scheme, there should be enough funding currently for the next 5 to 10 years.

---

**Where did you hear about the consultation?**
