No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I think that one of the biggest thing we can do to help the environment is to get out of our cars and walk, cycle or use public transport. People don't like change or any inconvenience but are willing to put up with them if there is something in it for them. In this case free bus travel!

Any other comments on bus fares?

No.
