Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

Cheaper fares for those in the community who are struggling financially. It makes perfect sense if free bus fares are already offered to Gold Card holders.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Climate tax for households, drivers and those who use the services that might be impacted by flooding.

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

More electric charging stations, 100% electric bus fleets, better protection for vulnerable communities in flood prone areas, more funding towards regenerative waterway projects i.e. preventing runoffs from farms and harsher penalties/policing towards those who contaminate waterways.
