No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Yes

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

Those with Disabilities rely on public transport to be full members of society. They are extremely limited to transport option and relying on the taxis is not a consistent option. Other cities such as Wellington provide a reduced fare to those with a disability and option 1 would align with Christchurch with the support provided.
